

**Village of
New Maryland
Annual Report 2021**

Introduction

Section 105 of the *Local Governance Act*, S.N.B. 2017, c.18 requires that a local government prepares an annual report containing the information prescribed by New Brunswick Regulation 2018-54, under the *Local Governance Act*. It also requires that a local government posts its annual report on its website and makes it available for examination by the public in the office of the clerk during regular business hours.

Section 3 of New Brunswick Regulation 2018-54 states that on or before June 30 in each year, a local government shall prepare an annual report, referred to in section 105(1) of the *Local Governance Act*, for the preceding fiscal year.

The content required in the annual report is detailed in Section 4 of the New Brunswick Regulation 2018-54 and is also included on the Table of Contents page of this document.

Message from the Mayor

On behalf of the Village of New Maryland Council I am pleased to present the 2021 Annual Report.

Our focus continued to concentrate on the delivering of essential services while focusing on the health and safety of our staff and residents.

I would like to take this opportunity to thank the commitment of our Village staff, members of Council and the support of our residents.

Working together we continue for the betterment of our community that we are proud to call 'home'.

Mayor Judy Wilson-Shee

Annual Salary and other Benefits of Council

In 2021 the Mayor was paid an annual salary of \$20,295 being payable in equal monthly installments.

The Deputy Mayor was paid an annual salary of \$12,216 being payable in equal monthly installments.

Each Councillor was paid an annual salary of \$10,391 being payable in equal monthly installments.

On the first day of January, the salaries for Council were adjusted by an annual amount equal to the average increase in the Consumer Price Index (CPI) for New Brunswick recorded for the immediately preceding calendar year.

With authorization from the CAO or Treasurer, the rate of \$0.47/km was paid to members of Council who used their personal automobile while engaged in Village business outside of the Fredericton area, provided that they give proof of a minimum of \$1 million liability insurance coverage. Upon presentation of receipts, members of Council are reimbursed for actual meal and accommodation expenses.

Members of Council may be reimbursed for time required from their regular employment to attend to business of the Village. Such request will be on a wage recovery basis to a maximum of \$300.00 per day.

Services

The Village of New Maryland is a diversified municipal unit that provides a wide range of services to its residents. Municipal services are provided by departments as follows:

General Government Services

Total expenditures: \$943,103

This department is responsible for the overall governance and financial administration of the Municipality. This includes council functions, general and financial management, legal matters, and compliance with legislation as well as civic relations.

Protection Services

Total expenditures: \$1,059,610

This category is responsible for the provision of policing services, fire protection, emergency measures, animal control and other protective measures.

Transportation Services

Total expenditures: \$1,388,633

This department is responsible for common services, roads and streets maintenance, street lighting, traffic services, parking, and other transportation related functions. Capital expenditures were for roads, streets, sidewalks, and culverts (\$245,947), land (\$40,334), buildings and structures (\$1,543,403), vehicles and equipment (\$176,995) and assets under construction (\$0).

Environmental Health Services

Total expenditures: \$312,435

This category is responsible for the provision of waste collection and disposal.

Environmental Development Services

Total expenditures: \$306,082

This department is responsible for planning and zoning, community development, tourism and other municipal development and promotion services.

Recreation and Cultural Services

Total expenditures: \$773,960

This department is responsible for the maintenance and operation of recreational facilities including rinks, parks and playgrounds, and other recreational and cultural facilities, recreation programming and special events.

Water and Sewer Services

Total expenditures: \$1,150,865

This department is responsible for the provision of water and sewer services including the maintenance and operation of the underground networks, treatment plants, reservoirs, and lagoons. Capital expenditures were buildings and structures (\$1,746,996) and water and sewer mains (\$220,144).

Fiscal Services

Total expenditures: \$621,000

This category includes principal and interest payments on debentures.

Public Health Services

The Village of New Maryland does not provide Public Health Services.

Independent auditor's report

Her Worship the Mayor, and Members of Council
Village of New Maryland

Opinion

We have audited the consolidated financial statements of the Village of New Maryland ("the Village"), which comprise the consolidated statement of financial position as at December 31, 2021, and the consolidated results of operations and accumulated surplus, changes in net assets, and cash flow for the year then ended, and notes to the consolidated financial statements, including a summary of significant accounting policies.

In our opinion, the accompanying consolidated financial statements present fairly, in all material respects, the financial position of the Village of New Maryland as at December 31, 2021, and the results of its operations, changes in net assets, and cash flows for the year then ended in accordance with Canadian public sector accounting standards.

Basis for Opinion

We conducted our audit in accordance with Canadian generally accepted auditing standards. Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the consolidated Financial Statements* section of our report. We are independent of the Village in accordance with the ethical requirements that are relevant to our audit of the consolidated financial statements in Canada, and we have fulfilled our other ethical responsibilities in accordance with these requirements. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Other matter

Our audit was conducted for the purposes of forming an opinion on the consolidated financial statements taken as a whole. Schedules 5, 6, and 7 on pages 23, 26 and 27 are presented for purposes of additional information and are not a required part of the consolidated financial statements. Such information has been subjected to the auditing procedures applied, only to the extent necessary to express an opinion in the audit of the financial statements taken as a whole.

Responsibilities of Management and Those Charged with Governance for the consolidated Financial Statements

Management is responsible for the preparation and fair presentation of these consolidated financial statements in accordance with Canadian public sector accounting standards, and for such internal control as management determines is necessary to enable the preparation of consolidated financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the consolidated financial statements, management is responsible for assessing the Village's ability to continue as a going concern, disclosing, as applicable, matters related to a going concern and using the going concern basis of accounting unless management either intends to liquidate the Village or to cease operations, or has no realistic alternative but to do so.

Those charged with governance are responsible for overseeing the Village's financial reporting process.

Auditor's Responsibilities for the Audit of the consolidated Financial Statements

Our objectives are to obtain reasonable assurance about whether the consolidated financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with Canadian generally accepted auditing standards will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these consolidated financial statements.

As part of an audit in accordance with Canadian generally accepted auditing standards, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the consolidated financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Village's internal control.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Village's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the consolidated financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Village to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the consolidated financial statements, including the disclosures, and whether the consolidated financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

December 31, 2021

1. Purpose of the organization

The municipality was incorporated as a Village by the Province of New Brunswick Municipalities Act on June 1, 1991. As a municipality, the Village of New Maryland is exempt from income tax under section 149(1)(c) of the Canadian Income Tax Act.

2. Summary of significant accounting policies

The consolidated financial statements of the Village of New Maryland are the representations of management prepared in accordance with Canadian generally accepted accounting principles for local governments, as recommended by the Public Sector Accounting Board ("PSAB") of CPA Canada.

Management maintains a system of internal controls to provide reasonable assurance that reliable financial information is produced. The internal controls are designed to provide reasonable assurance that assets are safeguarded, transactions are properly authorized and recorded in compliance with legislative and regulatory requirement, and reliable financial information is available on a timely basis for preparation of the consolidated financial statements.

The focus of Public Sector Accounting (PSA) financial statements is on the financial position of the Municipality and the changes thereto. The consolidated statement of financial position includes all of the assets and liabilities of the Municipality.

Significant aspects of the accounting policies adopted by the Municipality are as follows:

a) Reporting entity

These consolidated financial statements reflect the assets, liabilities, revenues, expenses, changes in net debt and cash flows of the reporting entity. The Village of New Maryland is comprised of all organizations accountable for the administration of their financial affairs and resources to the Village of New Maryland, and which are controlled by the Village of New Maryland.

Interdepartmental and organizational transactions and balances are eliminated.

b) Budget

The budget figures contained in these financial statements were approved by Council on November 18, 2020, and the Minister of Local Government on November 23, 2020.

c) Revenue recognition

Taxation Revenue represents the annual levy administered and collected by the Province of New Brunswick on behalf of all New Brunswick Municipalities for municipal services. They are recorded as warrant of assessment as the funds are received by the Village.

Fee and charge revenue for building permits, water and wastewater, and transportation are recorded on the accrual basis and recognized as earned, which is usually when services are provided or facilities are utilized.

Other revenues are recorded when it is earned, and collection is reasonably assured.

d) Government transfers

Government transfers are transfers of monetary assets or tangible capital assets from a government to an individual, an organization or another government that are not the result of an exchange transaction, expected to be repaid in the future or expected to produce a direct financial return. Government transfers received are recognized in the financial statements as revenue when the transfers are authorized and all eligibility criteria have been met except when there is a stipulation that gives rise to an obligation that meets the definition of a liability. In that case, the transfer is recorded as a liability and recognized as revenue as the stipulations are met.

Village of New Maryland

Notes to the consolidated financial statements

December 31, 2021

2. Summary of significant accounting policies (continued)

e) Expense recognition

Expenses are recognized in the period that the goods and services were acquired and a liability was incurred. Expenses are recorded on an accrual basis. Outstanding commitments for goods and services relating to the current year are accrued at the balance sheet date.

f) Non-financial assets

Non-financial assets are not available to discharge existing liabilities and are held for use in the provision of services. They have useful lives extending beyond the current year and are not intended for sale in the normal course of operations. The change in non-financial assets during the year, together with the excess of revenues over expenses, provides the consolidated change in net financial assets for the year.

i) Tangible capital assets

Tangible capital assets are initially recorded at cost which includes all amounts that are directly attributable to acquisition, construction, development or betterment of the asset. The cost, less residual value, of the tangible capital assets is amortized on a straight-line basis over the estimated useful lives as follows:

Asset type	Years
Buildings and structures	10-50 years
Vehicles and equipment	5-25 years
Roads, streets, sidewalks and culverts	15-80 years
Parks and playgrounds	10-20 years
Water and wastewater networks	40-80 years

Amortization is not recognized in the year assets are acquired.

ii) Assets under construction

Assets under construction are not amortized until the asset is available for productive use, at which time they are transferred to their respective tangible capital asset categories.

iii) Contribution of tangible capital assets

Tangible capital assets received as contributions are recorded at their fair value at the date of receipt and are also recorded as revenue.

g) Cash and cash equivalents

Cash and cash equivalents are comprised of cash on hand, demand deposits and short-term highly liquid investments that are readily convertible to known amounts of cash and which are subject to an insignificant risk of change in value.

h) Post-employment benefits

The Village and its employees participate in the New Brunswick Municipal Employees Pension Plan (NB MEPP). The NB MEPP is a multiple-employer defined benefit pension plan administered by a board elected by the members under the provisions of the municipalities Act of New Brunswick. The Plan provides for service pensions based on length of service and best average earnings.

In addition to the Municipal Pension Plan, the Village allows a portion of unused sick benefits which have vested to be paid to employees upon retirement or resignation. The costs of these benefits are actuarially determined based on service and best estimate of retirement ages and expected salary increases.

i) Reserve funds

Certain amounts, as approved by Village Council, are set aside in reserve funds for future operating and capital purposes. Transfers to and from reserve funds are recorded as an adjustment within accumulated surplus. Schedule 5 to the consolidated financial statements is included to show the reserve fund balances as supplementary information.

Village of New Maryland

Notes to the consolidated financial statements

December 31, 2021

2. Summary of significant accounting policies (continued)

j) Segmented information

The Village of New Maryland is a diversified municipal unit that provides a wide range of services to its residents. For management reporting purposes, the Village's operations and activities are organized and reported by function. This presentation was created for the purpose of recording specific activities to attain certain objectives in accordance with special regulations, restrictions or limitations. Municipal services are provided by departments as follows:

General government services

This department is responsible for the overall governance and financial administration of the Municipality. This includes council functions, general and financial management, legal matters and compliance with legislation as well as civic relations.

Protective services

This department is responsible for the provision of policing services, fire protection, emergency measures, animal control and other protective measures.

Transportation services

This department is responsible for common services, roads and streets maintenance, street lighting, traffic services, parking and other transportation related functions.

Environmental health services and development services

This department is responsible for the provision of waste collection and disposal, planning and zoning, community development, tourism and other municipal development and promotion services.

Recreation and cultural services

This department is responsible for the maintenance and operation of recreational and cultural facilities, including arenas, parks and playgrounds, and other recreational and cultural facilities.

Water and sewer

This department is responsible for the provision of water and sewer services including the maintenance and operation of the underground networks, treatment plants, reservoirs and lagoons.

Amounts that are directly attributable to a number of segments have been allocated on a reasonable basis. Taxation, unconditional grant, fees and user charges are allocated to those segments that are funded by these amounts based on percent of budgeted expense.

k) Use of estimates

The preparation of consolidated financial statements in accordance with Canadian public sector standards requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the consolidated financial statements and the reported amounts of revenue and expenses during the reporting period. These estimates are reviewed periodically, and as adjustments become necessary, they are reported in earnings in the period in which they become known. Significant estimates reported in these financial statements include amortization of tangible capital assets, the pension asset/obligation, and the accrued sick leave obligation. Actual results may differ from those estimates.

Village of New Maryland

Notes to the consolidated financial statements

December 31, 2021

2. Summary of significant accounting policies (continued)

l) Liability for contaminated sites

Contaminated sites are a result of contamination being introduced into air, soil, water or sediment of a chemical, organic or radioactive material or live organism that exceeds an environmental standard. The liability is recorded net of any expected recoveries.

A liability for remediation of contaminated sites is recognized when a site is not in productive use and all the following criteria are met:

- an environmental standard exists;
- contamination exceeds the environmental standard;
- the Village is directly responsible, or accepts responsibility;
- it is expected that future economic benefits will be given up; and
- a reasonable estimate of the amount can be made.

The liability is recognized as management's estimate of the cost of post-remediation including operation, maintenance and monitoring that are an integral part of the remediation strategy for a contaminated site.

3. Due from federal government and its agencies

	<u>2021</u>	<u>2020</u>
Canada Revenue Agency (HST rebate)	\$ <u>189,888</u>	\$ <u>183,615</u>

4. Bank loans

Bank loans for operating purposes are within the limit prescribed by the Municipalities Act. The credit facility with the Municipality's bank has a combined borrowing limit of \$300,000 for the Municipality's operations and bears interest at prime rate. Bank loans for operations as at December 31, 2021 were \$210,000 (2020 - \$ 240,000).

Bank loans for capital represent temporary financing of capital expenditures for the General Capital Fund and for the Water and Sewerage Capital Fund and will be replaced by debenture issues as well as a working capital component. The total amount for Capital Funds are within the budget limit of 50% of operating fund expenditures as required by the Municipalities Act. The interest rates on these loans are at prime rate. There were no bank loans for capital as at December 31, 2021 (2020 - \$863,481).

5. Payables and accruals

	<u>2021</u>	<u>2020</u>
Trade payables and accruals	\$ 282,274	\$ 96,904
Interest on long-term debt	18,529	28,499
Local improvement deposits	<u>205,067</u>	<u>114,747</u>
	<u>\$ 505,870</u>	<u>\$ 240,150</u>

Village of New Maryland

Notes to the consolidated financial statements

December 31, 2021

6. Long-term debt	<u>2021</u>	<u>2020</u>
<u>New Brunswick Municipal Financing Corporation Debentures</u>		
BP33 1.20% - 3.80%, due 2031, OIC #15-0032	\$ 298,000	\$ 365,000
BM38 0.95% - 3.50%, due 2025, OIC #04-0005	769,000	951,000
BN30 1.05% - 3.90%, due 2030, OIC #14-0032	282,000	309,000
BE25 1.65% - 4.25%, due 2021, OIC #09-0024	-	914,000
BE26 1.65% - 4.25%, due 2021, OIC #09-0048	-	625,000
BH38 1.35% - 3.80%, due 2027, OIC #09-0024	444,000	510,000
BI42 1.35% - 4.00%, due 2033, OIC #09-0048	356,000	380,000
BR32 1.65% - 3.30%, due 2027, OIC #17-0014, 17-0062	236,000	272,000
CA33 0.86% - 2.96%, due 2041, OIC #20-0004	2,000,000	-
BZ31 0.30% - 1.35%, due 2026, OIC #09-0024	773,000	-
BR32 0.30% - 2.30%, due 2031, OIC #09-0048	577,000	-
BU32 2.55% - 3.70%, due 2033, OIC #17-0014	438,000	468,000
	<u>\$ 6,173,000</u>	<u>\$ 4,794,000</u>

In 2021, debentures BE25 and BE26 were refinanced as BZ31 for \$773,000 and BZ32 for \$577,000. A new debenture CA33 was obtained during the year for \$2,000,000.

Principal repayments required during the next five years are as follows:

2022	690,000
2023	702,000
2024	715,000
2025	731,000
2026	451,000

Approval of the Municipal Capital Borrowing Board has been obtained for the debenture debt reported and all the long-term debt has been approved by an Order-in-Council of the Provincial Legislature.

7. Pension asset

The Village and its employees participate in the New Brunswick Municipal Employees Pension Plan (NB MEPP). The NB MEPP is a multiple-employer defined benefit pension plan administered by a board elected by the members under the provisions of the Municipalities Act of New Brunswick. The NB MEPP provides pensions based on length of service and best average earnings.

Actuarial valuations for funding purposes are performed either annually or triennially depending on the financial position of the NB MEPP. In turn, the actuarial valuations for accounting purposes are based on these figures (with adjustments). The most recent actuarial valuation was prepared as at December 31, 2019 and resulted in an overall NB MEPP accrued benefit obligation of \$135,126,100 based on the accounting basis.

The actuarial valuation for accounting purposes was based on a number of assumptions about future events, such as inflation rates, interest rates, wage and salary increases and employee turnover and mortality. The assumptions used reflect management's best estimates. The following summarizes the major assumptions in the valuation as at December 31, 2020:

- The expected inflation rate is 2.10%
- The discount rate used to determine the accrued benefit obligation is 5.55% per annum
- The expected rate of return on assets is 5.55% per annum
- Retirement age varies by age and employment category
- Estimated average remaining service life (EARSL) is 13.0 years

Village of New Maryland

Notes to the consolidated financial statements

December 31, 2021

7. Pension asset (continued)

The actuarial valuation prepared as at December 31, 2019 indicated that the market value of the net assets available for the accumulated plan benefits were less than the present value of these benefits. The pension plan has been granted a solvency deficiency exemption by the Province of New Brunswick. On a going concern valuation basis, the actuarial valuation indicated a plan deficit of \$6,896,200, a change of \$7,538,000 from the December 31, 2018 deficit of \$641,800. Based on the assumptions as at December 31, 2018, the actuary expected the level of employer and employee contributions to be sufficient to fund the current service cost and going concern special payments, as required by the Pension Benefits Act.

As at December 31, 2019, the NB MEPP provides benefits for 277 retirees. Total benefit payments to retirees and terminating employees during 2021 were estimated to be approximately \$4,641,200 (actual 2020 was \$5,662,100) in totality for the NB MEPP.

Employees make contributions using rates that may vary by earnings level and employment category, with an overall average contribution rate of approximately 8%. Each municipality contributes an amount that equals their employee's contribution amounts. Pension Fund Assets are invested in Short Term Securities, Bonds, Canadian Equities and Foreign Equities. Combined employees and municipalities contributions for 2021 were estimated to be approximately \$7,136,800 (actual 2020 was \$6,929,400) in totality for the NB MEPP.

The following summarizes the NB MEPP data as it relates to the Village of New Maryland:

- The average age of the 17 active employees covered by the NB MEPP is 49.7 (as at December 31, 2019)
- Benefit payments were \$16,800 in 2020 and were estimated to be \$11,800 in 2021
- Combined contributions were \$173,000 in 2020 and were estimated to be \$178,200 in 2021

In addition to determining the position of the NB MEPP as it relates to the Village of New Maryland as at December 31, 2019 and December 31, 2020, NB MEPP's actuary performed an extrapolation of the December 31, 2020 accounting valuation to determine the estimated position as at December 31, 2021. The extrapolation assumes assumptions used as at December 31, 2021 remain unchanged from December 31, 2020. The extrapolation also assumes assets return 5.55% net of all fees and expenses. If experience is different than assumed, amounts will be adjusted to reflect actual experience. Results of the extrapolation are as follows:

Accrued benefit liability / (asset)	<u>2021</u>	<u>2020</u>
Accrued benefit asset at beginning of period	\$ (133,800)	\$ (115,700)
Pension expense for the year	70,500	69,900
Less: Employer contributions	<u>(81,400)</u>	<u>(88,000)</u>
Accrued benefit asset at end of period	<u>\$ (144,700)</u>	<u>\$ (133,800)</u>

In summary, the accrued benefit asset as it relates to the Village of New Maryland is estimated to be \$(144,700) as at December 31, 2021. This compares to an asset of \$(133,800) as at December 31, 2020. This amount is reported as a financial asset on the consolidated statement of financial position.

The financial position as it relates to the accrued benefit asset is shown as follows and illustrates the unamortized amounts being recognized in pension expense over time:

Reconciliation of funded status at end of period	<u>2021</u>	<u>2020</u>
Accrued benefit obligation	\$ 2,453,100	\$ 2,165,000
Plan assets	<u>2,468,900</u>	<u>2,158,000</u>
Plan deficit	(15,800)	7,000
Unamortized experience losses	<u>128,900</u>	<u>140,800</u>
Accrued benefit asset at end of period	<u>\$ (144,700)</u>	<u>\$ (133,800)</u>

Village of New Maryland

Notes to the consolidated financial statements

December 31, 2021

7. Pension asset (continued)

Total expenses related to pensions include the following components:

	<u>2021</u>	<u>2020</u>
Pension expense		
Employer current service cost	\$ 64,400	\$ 56,800
Interest on accrued benefit obligation	125,300	114,100
Expected return on assets	(125,400)	(112,900)
Experience (gain) loss	<u>6,200</u>	<u>11,900</u>
Pension expense	<u>\$ 70,500</u>	<u>\$ 69,900</u>

The pension expense is included in the consolidated statement of operations.

8. Accrued sick leave obligation

The Village of New Maryland provides employees the ability to accumulate sick leave benefits payable either upon retirement or resignation.

	<u>2021</u>	<u>2020</u>
Accrued employee benefit obligation:		
Opening balance	\$ 221,400	\$ 149,200
Current period service cost	28,600	21,400
Accrued interest	4,200	4,200
Experience loss (gain)	(72,582)	52,800
Benefit payments	<u>(15,518)</u>	<u>(6,200)</u>
Accrued employee benefit obligation	<u>\$ 166,100</u>	<u>\$ 221,400</u>
Unfunded obligation:		
Accrued employee benefit obligation	\$ 166,100	\$ 221,400
Less: funded amount	<u>(168,580)</u>	<u>(184,100)</u>
(Overfunded) unfunded accrued employee benefit obligation	<u>\$ (2,479)</u>	<u>\$ 37,300</u>

The accrued sick leave liabilities were valued based on an actuarial calculation as of December 31, 2020. The actuarial method used was the projected benefit method prorated on service to calculate the accrued benefit obligation. The valuation was based on a number of assumptions about future events, such as interest rates, wage and salary increases and employee turnover and retirement. The assumptions used reflect the Village's best estimates.

The following summarizes the major assumptions in the valuation:

- Annual salary increase is 1.5%;
 - The discount rate used to determine the accrued benefit obligation is 1.99%;
 - Retirement age is 60; and,
 - Estimated average remaining service life (EARSL) is 12.40 years.
-

Village of New Maryland

Notes to the consolidated financial statements

December 31, 2021

9. Commitments and contingency

- a) The Village has entered into an agreement starting in 2021 for solid waste collection at an annual cost ranging from \$215,629.6-\$301,571.40 (including HST) over the period of the agreement. The agreement expires December 31, 2027.
- b) The Village has entered into two agreements for snow and ice control at an annual cost for 2021 of \$163,562 (including HST). These agreements expire October 2023.
- c) The Village has entered into an agreement TELUS for cyber security at an annual cost of \$ 49,800. The agreement expires January 29, 2023.
- d) In the normal course of the Village's activities, the Village is from time to time named as a defendant in actions for damages and costs allegedly sustained by plaintiffs. The Village intends to defend and negotiate such claims and litigation. The eventual outcome of these claims and litigation is not determinable at year end. As a result, there are no accruals in the consolidated financial statements related to legal contingencies.

10. Short-term borrowing compliance

Capital Funds

The Village has outstanding authority for short term borrowing as follows:

Water and Sewer Capital Fund		
Ministerial Approval	20-0050	\$ <u>9,300,000</u>

Operating borrowing

As prescribed in the Municipalities Act, borrowing to finance General Fund operations is limited to 4% of the Municipality's operating budget. Borrowing to finance Utility Fund operations is limited to 50% of the operating budget for the year. In 2021, the Municipality has complied with these restrictions.

Inter-fund borrowing

The Municipal Financial Reporting Manual requires that short-term inter-fund borrowings be repaid in the next year unless the borrowing is for a capital project. The amounts payable between funds are in compliance with the requirements.

11. Capital funds

Current assets exceed current liabilities at December 31, 2021 in the Water and Sewer Capital Fund. This excess amount represents funds for future capital projects. Current assets do not exceed current liabilities at December 31, 2021 in the General Capital Fund.

12. Water cost transfer

The Municipality's water cost transfer for fire protection is within the maximum allowable by Regulation 81-195 under the Municipalities Act based upon the applicable percentage of water system expenses for the population.

Village of New Maryland

Notes to the consolidated financial statements

December 31, 2021

13. Water and sewer fund surplus / deficit

The Municipalities Act required Water and Sewer Fund surplus/deficit amounts to be absorbed into one or more of four Operating Budgets commencing with the second next ensuing year. The balance of the surplus/deficit at the end of the year consists of:

	<u>2021</u>	<u>2020</u>
2021 Surplus	\$ 25,018	\$ -
2020 Surplus	23,496	23,496
2019 Surplus	<u>-</u>	<u>23,429</u>
	<u>\$ 48,514</u>	<u>\$ 46,925</u>
