The Village is a “Community in Bloom”

“The world’s favourite season is the Spring. All things seem possible in May!”

Spring is finally upon us! We can finally ditch our winter coats and say goodbye to winter for another year. The weather is warmer and thoughts of sunny summer days, relaxing evenings, and gathering with family and friends are on everyone’s mind as we anticipate the summer season.

We are pleased to provide a comprehensive look at the Village’s activities, programs and events for the spring/summer season in our semiannual publication, “The Village News”. Copies will be

mailed out to Village residents and copies are also available at the Village Office. In addition, a digital version can be found on our website.

Looking for information on summer programs and events? We have all the details! June will be hopping this year with several special events taking place as we celebrate the Village’s participation in the national **Communities In Bloom** initiative as well as the **ParticipACTION Community Challenge**, including a new weekly

contest and two “Garden Talks”.

Our popular summer day camps, evening socials, summer concerts, our Counsellor in Training (CIT) Program, a Babysitter course, the “Honour Our Veterans” banner program, and more, are all highlighted in these pages.

General information and timely updates from our various Village Departments have been included in the newsletter as well. This publication is just one of the many opportunities to reach out to our residents and neighbours.

Questions? Feedback? Reach out to the Village Office via phone, e-mail or through our Facebook page. Our main contact details are to the left, with additional staff contacts provided for specific projects and programs throughout this publication.

Mayor’s Message—Judy Wilson-Shee

you by the Recreation & Leisure Services Department. Additionally, we’ve included important updates from various Village departments, as well as information from our local non-profit organizations and clubs.

Get ready for an exciting lineup of evening socials and concerts at the New Maryland Centre. Always a great time with neighbours and friends.

We’re thrilled to announce the Village is once again participating in the **ParticipACTION Community Challenge** this

year, and I encourage our residents to sign up, join us for one or even all of our special events, and check out our **“Get Out & Play!”** contest in June.

As we gear up for summer, the Village is excited to be participating in the national **Communities In Bloom** initiative. Everyone can play a small part to help us showcase our beautiful Village to the visiting judges.

Celebrate Canada Day on July 1st at the New Maryland Centre. We’ll have live music, face painting, inflatables, a BBQ, and cake – all free of charge!

I’d like to extend a big congratulations to Fire Chief Harry Farrell, who recently received the Fire Service Exemplary Service Medal and certificate for his 30 years of dedicated service to public safety.

Bad Water Advisory

Issued Apr 22 2024 10:34AM MET
Issued by: Town of Langham
Location: Water

Please be advised your home location is currently subject to a bad water advisory. Officials are working to resolve the issue.

Please take the following steps:

RESPONSE REQUESTED

Water Treatment Process (WTP) Control Bldg.

The Village of New Maryland will be starting the construction of a Water Treatment Process (WTP) Control Building and a Booster Pump/PRV Station for the Sunrise Wellfield Development Project this summer. Village Council awarded the project to K-Line Construction Limited as per the recommendation of the Village Engineer. This project involves the construction of two buildings, the development of two sites including emergency power, paving, landscaping and security fencing.

The water treatment plant will be constructed in Sunrise Estates near Sunrise Estates Park and the booster station will be constructed along the New Maryland Highway in front of the Village's Operations Building (492 New Maryland Highway).

This wellfield development will provide redundancy for the Village's existing water system as well as allow further development in the Village. The Sunrise Wellfield Development project would not be possible without the financial support from the Federal and Provincial governments' infrastructure funding program.

If you have questions about this project, please contact Rockland Miller at the Village Office (506-451-8508) or e-mail rockland.miller@vonm.ca.

The Village would like to encourage residents to visit our website at vonm.ca for important information regarding the 'Village of New Maryland Green Plan'. The Plan includes information regarding the use of pesticides as well as helpful links to the N.B. Department of Environment and Government of Canada websites.

We urge residents to review the information regarding the restrictions of cosmetic pesticide use and the excellent tips on how to have a healthy lawn without using pesticides.

DID YOU KNOW?

That over 60% of the judging grid criteria in assessment of a community relate directly to the environment, sustainability and climate change.

That a comprehensive judging report featuring 78 specific elements in 7 categories provide feedback to each community.

Judges are required to provide specific suggestions for areas of improvement; often providing a basis for municipal budget considerations.

That the program has helped over 1,000 communities in over 30 years of existence with a cumulative economic value of over \$28 million.

Communities in Bloom!

The Village of New Maryland is very excited to be participating in the 2024 **Communities in Bloom** initiative. A staff committee has been formed, special activities and events are planned, and we will welcome the **Communities in Bloom** guest judges for two days, with judging taking place throughout the Village on **Wednesday, July 31st**.

This is the first time since 2008 that the Village will be participating. Not only does the program consider the overall beautification, the **Communities in Bloom** judges evaluate each of the following criteria: **community appearance, environmental action, heritage conservation, tree management, landscape, and plant and floral displays.**

A judges itinerary will be prepared as well as a community profile information package, which will highlight the Village's current activities, policies, and best practices for each of these categories.

We encourage all residents and businesses in the Village to consider adding **ORANGE** to any flower or plant displays, as this is the "Colour of the Year" for 2024.

Starting in May, residents are invited to drop by the Village office to pick up a package of wildflower seeds for your garden. Plant these wildflower seeds in a sunny area and the blooms will feed the bees all summer! (while supplies last).

The Village is also hosting three "Garden

Talk" sessions as part of the **Communities in Bloom** program. Three different sessions will be offered on Wednesdays at 7:00 pm at Victoria Hall (see details below). There is no charge to attend and all are welcome to join us!

More details on the **Communities in Bloom** initiative will be shared in the coming months, leading up to our judging dates at the end of July! Stay tuned to our website and social media over the next few months. To learn more about the program, please visit their website <https://www.communitiesinbloom.ca/>.

ParticipACTION Community Challenge

Again this year, the Village's Recreation & Leisure Services Department has registered the Village of New Maryland to participate in the **ParticipACTION Community Challenge** during the month of June.

In 2023, New Maryland tracked over 1.1 million minutes, placing 8th in the Province of New Brunswick, and 66th nationally out of 2,463 participating communities throughout Canada.

This year, our favourite activities return as well as a new weekly contest and a new Try-it event.

On June 5th, in partnership with the New Maryland Elementary School, the Village will officially launch the **Community Challenge** with a 30-minute **Mayor's Walk** from NMES.

Phys. Ed staff will be logging daily activities, intramural sports & special events throughout the month of June.

We will also be holding another **Pickleball Try-it Event** on Saturday, June 1st from 1:00—3:00 p.m. at NMES (spaces are limited and registration will be **REQUIRED**).

In addition, we are very excited to be partnering again this year with Tabitha Crowell, to offer **Yoga in the Park** on Monday evenings in June in Athletic Park (from 7:00—8:00 pm, bring water and a yoga mat).

And finally, **NEW** this year, we will host a Disc Golf event from 10:00—4:00 on June 22nd on the

Athletic Park / NMES grounds. Remember, all of these activities are **FREE** to attend!

Keep an eye out for additional program and registration details later in May. Last year, Salisbury, NB was named Canada's Most Active Community, winning the top prize of \$100,000. This year, that could be New Maryland! And wouldn't that be a wonderful contribution to our Athletic Park Redevelopment project fund? Let's all join the **ParticipACTION Community Challenge!**

Get Out & Play! Contest **NEW!**

Many of you have seen our activity stencils that were added along the New Maryland Highway sidewalk in 2020. This year, the Village was pleased to be awarded a community grant from **ParticipACTION**. As a result of this funding, we are repainting the existing stencils as well as adding a new "maze" stencil along the highway **AND** a new sun graphic which will be added to our various parks, playgrounds and community spaces. To celebrate the **Community Challenge** throughout the month of June, as well as **Parks and Recreation month**, we are introducing a **NEW** weekly contest throughout the

month of June. Each week as part of our **Get Out & Play! Contest**, we will hold weekly prize draws for **ParticipACTION** clothing and other gear. Snap a pic using one of our activity stencils **OR** take a pic at one of our parks or playgrounds with the sun stencil and send it to our Recreation Coordinator, michelle.sawler@vonm.ca. Why not take some time to visit all of the community parks and stroll along the highway sidewalk and try out these fun stencil activities. This is a great way to incorporate some fun into your physical activity and log some steps for the **Community Challenge!**

Honour Our Veterans Banner Program

The *Honour our Veterans Banner Program* was introduced in 2022 and will be offered again this year.

The program provides an opportunity for family members to honour a veteran from the New Maryland community. Banners will be displayed from the third week of October until just after Remembrance Day along the New Maryland Highway light poles. There is currently space available for **SEVEN** banners.

Banner dimensions are two feet by five feet, double-sided, and include veteran service details as well as a photograph and family dedication (see sample banner to the right). The cost is \$200 plus HST.

Further details as well as an application form is on the Village website. Applications will be accepted until **Friday, August 23rd**, with final banner design submitted by **Friday, August 30th**. For more information, please contact Michelle in the Village Office, 506-458-6094 or via e-mail, michelle.sawler@vonm.ca.

Parks & Playgrounds

Our Recreation staff maintain several parks and playgrounds in the Village of New Maryland. Why not make plans to explore each of the parks with your family this summer? Each playground features unique play structures, swings and picnic shelters. Athletic Park has a soccer field and two ballfields, a beach volleyball court, tennis courts and a basketball court.
